

NC356 Digital indentation machine

Thickened cross beam

Smart touch LCD display

Dashed line compressible
300G copper plate

Machine parameters

Paper size	50 * 90mm (min), 330 * 2000mm (max)
Paper thickness	60-350 g/m (indentation), 60-300 g/m (dashed line)
Type of paper	Coated paper, laminated paper, laminated paper, etc.
Working accuracy	+0.2mm
Working speed	4800 sheets/hour (A4 paper press one sheet)
Number of sheet indentations	0 to 36 times
Power supply	220V, 50/60 Hz or 110V, 50/60 Hz
Power	400W
Weight	52KG
Packaging Size	62*62*52cm
Packaging method	Carton
